**The Real Brokerage Inc. Opens in Canada**  
*Technology-Powered Real Estate Brokerage Develops International Footprint*

TORONTO AND NEW YORK -- August 16, 2021 /PRNewswire -- The Real Brokerage Inc. ("**Real**" or the "**Company**") (TSXV: REAX) (NASDAQ: REAX), an international, technology-powered real estate brokerage, today announced it has launched in Alberta, Canada as "Real Broker AB." With this announcement, Real has launched its first international operations, in addition to operating in 31 states and the District of Columbia in the United States.

"This expansion into Canada is a major milestone for us," said Real co-founder and CEO Tamir Poleg. "The real estate market in Canada is growing, with significant areas of opportunity. We believe Real can play a key role in the Canadian market and we look forward to building strong relationships with agents and clients in the country and increasing our international footprint."

As part of the expansion, Real has appointed Dan Stante as the provincial broker for Alberta, and will be the first Real agent in Canada. Mr. Stante is currently a director of the Calgary Real Estate Board. In this role, he served on the Technology Standing Committee, where he assisted in implementing technological changes for the board to move to the Matrix MLS Platform. This included integrating ShowingTime and developing in-house mapping and tax tools. Mr. Stante is also on the board's Governance Standing Committee. The remaining Sano Stante Real Estate's Calgary-based team will be joining Real.

"We saw joining Real as a great opportunity to not only grow our business, but leverage our established local brand," said Dan Stante. "We are always keen to sharpen the edges and Real is equipped with the right technology, culture and people to provide an advantage to agents in this competitive business."

The Company further announced today that Tyrel Laqua will also be joining Real in Canada as a branch manager. Mr. Laqua has been in the real estate industry since 2005 and became a broker in 2010.

"I believe that with Real's technology, business model and brand, we will be able to quickly grow a great team here," said Mr. Laqua, "I can now offer my agents things that as a small company we would never have had access to. Real will provide agents the ability to build their own brand, hold stock in the company and create a future in today's real estate market."
