The Real Brokerage Inc. Investor Presentation

November 2024

Nasdaq: REAX investors.onereal.com

Disclaimer

Certain statements herein relating to The Real Brokerage Inc. ("Real" or the "Company") constitute "forward-looking statements", within the meaning of applicable securities laws, including without limitation, statements regarding future estimates, business plans and/or objectives, sales programs, forecasts and projections, assumptions, expectations, and/or beliefs of future performance.

Such "forward-looking statements" involve known and unknown risks and uncertainties that could cause actual and future events to differ materially from those anticipated in such statements.

Forward looking statements include, but are not limited to, statements with respect to commercial operations, anticipated revenues, the overall projected size of the market, our ability to obtain financing for future operations and other information that is based on forecasts of future results and other key management assumptions. The Company assumes no responsibility to update or revise forwardlooking information to reflect new events or circumstances unless required by law.

This Presentation also contains certain market data and other statistical information such as the size, growth and share of the industries and the market segments we operate in, that are based on information from independent industry organizations and other third-party sources, industry publications, surveys and forecasts. Such data may include projections based upon a number of assumptions. Such markets may not grow at the rate projected by market data, or at all. Failure of such markets to grow at the projected rate may have a material adverse effect on our business and the market price of our common stock. In addition, if any one or more of the assumptions underlying such market data are later found to be incorrect, actual results may differ from the projections based upon these assumptions. You should not place undue reliance on these forward-looking statements. Future Oriented Financial Information: To the extent any forward-looking information in this Presentation constitutes "future-oriented financial information" or "financial outlooks" within the meaning of applicable Canadian securities laws, such information is being provided to demonstrate anticipated results and the reader is cautioned that this information may not be appropriate for any other purpose and the reader should not place undue reliance on such future-oriented financial information and financial outlooks.

Future-oriented financial information and financial outlooks, as with forward-looking information generally, are, without limitation, based on the assumptions and subject to the risks set out above.

Our actual financial position and results of operations may differ materially from management's current expectations and, as a result, our revenue and profitability may differ materially from the revenue and profitability profiles provided in this Presentation. Such information is presented for illustrative purposes only and may not be an indication of our actual financial position or results of operations.

Note: Figures in this presentation are as of 09/30/2024 unless otherwise specified.

NASDAQ: REAX

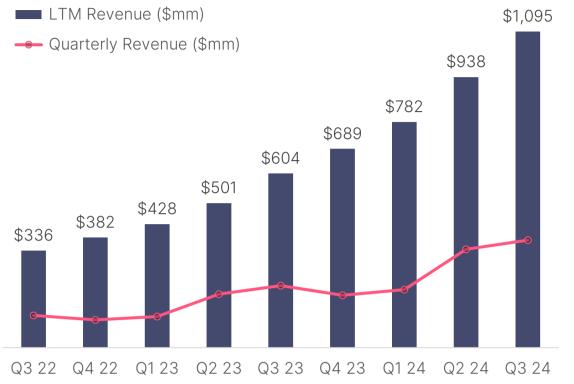

The Real Brokerage Snapshot

Founded in 2014, The Real Brokerage Inc. ("Real") is a real estate technology company that is disrupting the traditional real estate brokerage model by providing agents with a higher value offering at a lower cost

Combining a unique culture, attractive financial incentives, and a proprietary software-based technology stack – Real has rapidly grown revenue and agent count without the need for cost-heavy physical office space

With a focus on organic agent growth and increasing attachment of ancillary services, such as mortgage and title, our vision is to redefine the home buying and selling process, while providing an avenue for real estate agents to build long-term wealth

Last Twelve Months Revenue (\$mm)

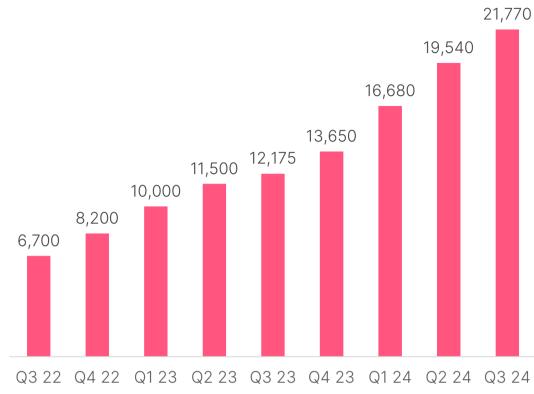

Last Twelve Months Adjusted EBITDA (\$mm)

The definition of all non-IFRS numbers and reconciliation to IFRS numbers are provided in the Appendix of this presentation. Q4 2023 Adjusted EBITDA excludes a non-recurring stock based compensation balance sheet adjustment, which totaled \$6.2 million

CHAPTER 01 **REAL OVERVIEW**

"Our mission at Real is empowering each agent. Through innovation, we're not just enhancing efficiency, but fostering a culture of shared success and wealth creation.

Our journey is about transforming the real estate landscape to make lives better, and sharing the fruits of this collective effort with every agent on this exciting journey."

Tamir Poleg

FOUNDER AND CEO

Investment Highlights

Ol / A New Approach to the Old Brokerage Model

Disruptive, software-based real estate brokerage with a vision to streamline the home buying process via a consumer facing app, while providing agents with tools to build long-term wealth

02 / Compelling Agent Value Proposition

Unique compensation model provides agents with attractive financial incentives, including high commission splits, revenue sharing, and the ability to earn equity in the company

03 / Proprietary Software and Technology Stack

Software stack developed 100% in-house and tailored to fit diverse needs of agents and clients; continuous innovation ensures platform remains at the forefront of real estate tech

05 / Fragmented Market with Demonstrated Through-Cycle Growth

Fragmented market has enabled Real to grow revenue by over 3x since 2022, despite a decline in the existing home sales market of over 20% during that time

06 / Ancillary Services to Enhance Growth and Margins

Leveraging core platform and rollout of consumer-facing app to scale high margin title and mortgage services, while introducing new products to further monetize on our platform

07 / Distinct, Collaborative Culture

Culture prioritizing teamwork and collaboration, which fuels innovation, enhances agent engagement and ensures broad stakeholder satisfaction

Leg1

04 / Scalable, Capital Efficient Growth Platform

Scalable platform has enabled significant revenue and gross profit growth, driving operating leverage and continuous margin improvement

08 / Experienced Management Team

Seasoned executive team and deep bench bring diverse experiences scaling hyper growth companies across real estate, technology, and financial services industries

OVERVIEW

Ol / A New Approach to the Old **Brokerage Model**

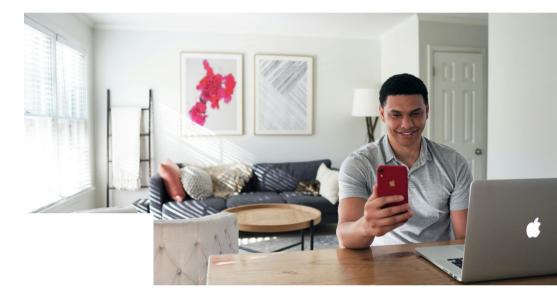

By empowering agents with a differentiated model and technology interface that simplifies the transaction experience, we aim to be the destination brokerage for all agents by offering compelling value through a holistic ecosystem of technology, support and incentives

Real today

Software-based real estate brokerage that provides agents with the ability to earn more money, with more autonomy, and more advanced technology

High value, low-cost offering attracts agents who are passionate about building their businesses

Real tomorrow

Rollout of consumer-facing product in 2025 which, under agent guidance, will provide a more streamlined home buying experience, while driving increased attachment of higher-margin ancillary services

In Q4 2024 Real launched the first version of Real Wallet, a fintech product exclusively for Real agents

We are taking a first principles approach redefining the role of a real estate brokerage in agents' lives and the broader housing ecosystem

Real in the future

Creation of an entire ecosystem of products that will monetize our platform's GMV, including mobile and e-wallet payments, debit/credit card solutions, and a suite of wealth management tools

Empowering agents to build long-term wealth all under the Real umbrella

OVERVIEW / 01 / A NEW APPROACH TO THE OLD BROKERAGE MODEL

Real Today: Software-Based Real Estate Brokerage Platform

	Геэл	Traditional Brokerage	FRANCHISE / MODEL
DESCRIPTION	Software-based platform, no need for physical offices, high agent autonomy	Established firms, national presence, physical offices, high fixed costs	Unified under a larger brand but independently owned
AGENT ECONOMICS	High agent split with annual cap, revenue sharing, and equity opportunities	High brokerage split, with limited revenue share or equity	High agent split in exchange for recurring monthly franchise fees
TECHNOLOGY	Proprietary software tailored specifically for Real agents and clients	Some proprietary tools, but can be outdated	Varies; franchise or independently sourced
NATIONAL SUPPORT	Collaborative nationwide community with online tools providing 24/7 support	Strong national branding and support	National branding, some centralized support
TRAINING & DEVELOPMENT	Online training, continuous learning and development	Established, but can be generic	Varies by franchise
GROWTH POTENTIAL	High potential in fragmented market	Challenged by newer business models	Tied to franchise brand success
ANCILLARY SERVICES	Mortgage broker and title services offered today; additional services in the future	May offer; often through partnerships	Varies; some franchises offer, others may not

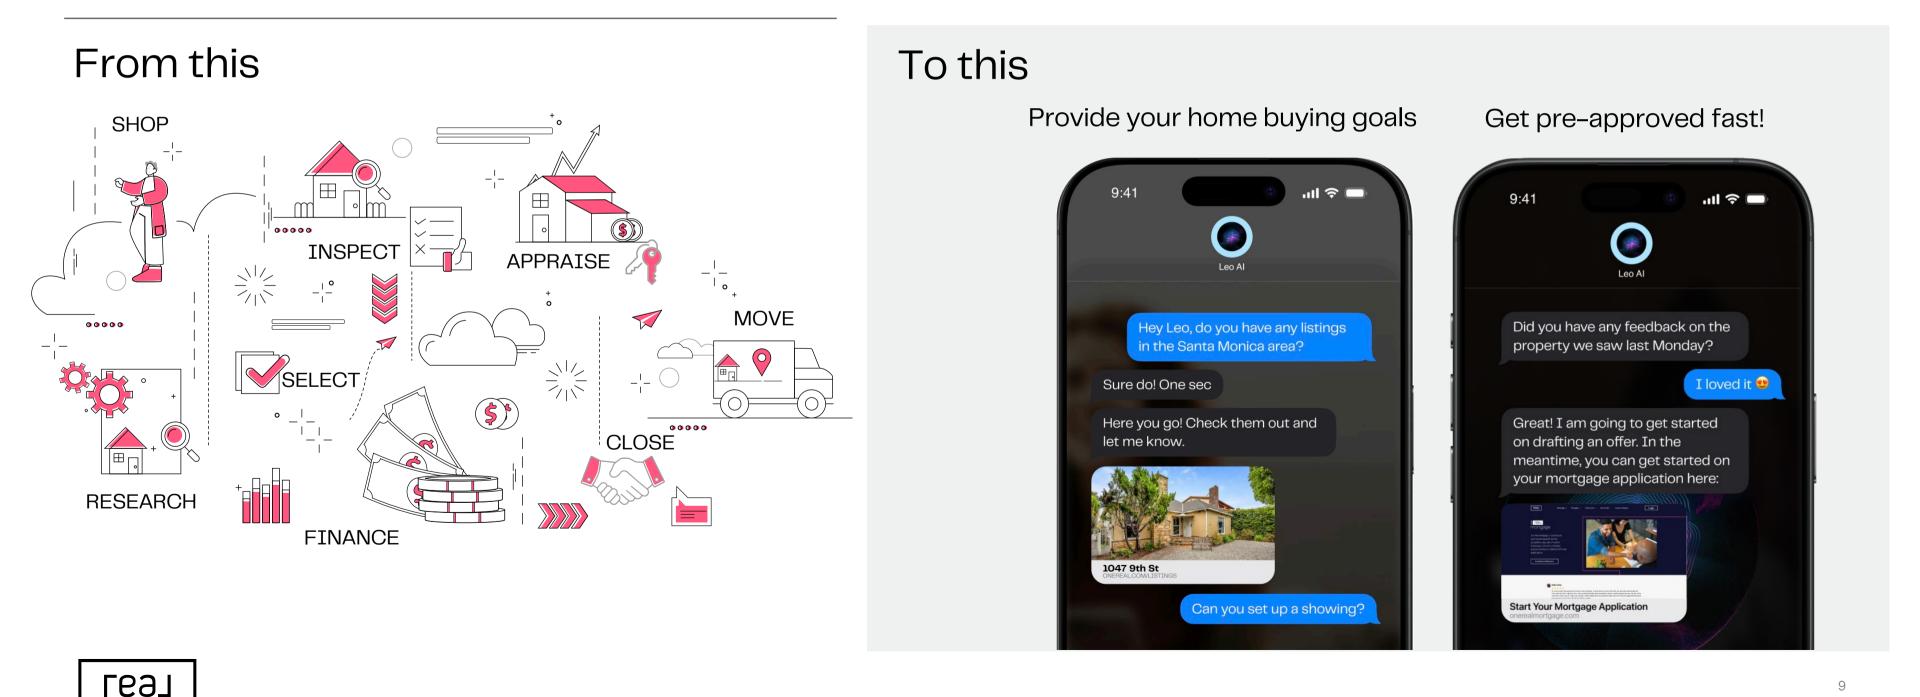

Our business was designed to provide real estate agents higher value at a lower cost than traditional brokerage models

OVERVIEW / 01 / A NEW APPROACH TO THE OLD BROKERAGE MODEL

Real Tomorrow: Streamlining the Homebuying Experience

Announced in Q4 2024, Leo for Clients will provide agents and their clients a seamless AI-driven solution to simplify the homebuying process

Our vision is to transform the complex homebuying process into a simple, one-stop solution from discovery to close. Initially launched as the OneReal mobile app in 2023, Real's consumer interface is evolving into an AI-driven text-based product, scheduled for launch in 2025

OVERVIEW / 02 / COMPELLING AGENT VALUE PROPOSITION

Compelling Agent Value Proposition

Commission Revenue

Competitive 85% / 15% commission split in favor of agent vs. traditional splits of 70% / 30%

Agents keep all gross commission income after reaching \$12,000 annual cap

Revenue Sharing

Unique top-down model provides agents opportunity to earn additional income by receiving a percentage of commissions generated by agents whom they attract to Real

REAL Stock and Equity Awards

Stock Purchase Plan (SPP) allows agents to invest a portion of commissions into REAX shares and build equity in the company; agents opting into SPP eligible to receive bonus Restricted Stock Units (RSUs) with 1-year vest

Capping Awards: agents earn up to 150 shares upon reaching the annual cap, depending on agent status

Elite Agent Production Award: Top-producing agents can earn up to \$16k in Real stock upon achievement of certain milestones

Elite Agent Cultural Award: Top contributors to Real Academy can earn additional stock awards valued up to \$8k via RSUs with a 3-year vesting period

Attracting Shares: Stock awards granted for attracting new agents to Real

Legl

Our revenue model provides agents the ability to earn more income and generate wealth from multiple sources

Revenue Sharing

How revenue sharing works

Direct Referrals: If a Real agent brings in a new agent, they earn a share of the newcomer's commissions (up to a cap). This shared revenue is paid from Real's typical 15% commission split.

Tiered Earnings: Once an agent has referred 5 or more new agents to Real, they enter a new Tier. Here, they not only earn from their direct referrals but also from the commissions of agents brought in by their initial referrals.

Revenue share is paid to participating agents out of the 15% pre-cap commission split paid to Real

с.	Number of	Tier 1	Tier 2	Tier 3	Tier 4	Tier 5	
	agents directly referred to Real:	15	% Commission Sp	lit Paid to Real			
	1-4	5%					
	5-14	5%	4%				
	15-19	5%	4%	3%			
	20-24	5%	4%	3%	2%		
	25+	5%	4%	3%	2%	1%	

ercent of eal's split that paid out as evenue Share v Tier

Revenue sharing gives agents the ability to earn income from commissions generated by agents whom they attract to Real

Differentiated, Supplemental Income Stream. Agents begin earning revenue sharing as soon as they directly refer new producing agents to Real.

Improved Retention. Agents earn revenue share as long as they are active and closing deals (and can even earn post-retirement), which creates a strong incentive to stay for the long-term.

Enhanced Collaboration. With a vested interest in the success of their referrals, agents are more likely to collaborate, share best practices, and mentor new agents, leading to a more skilled, engaged and knowledgeable agent base.

Note: Revenue share per agent maxes out at their annual cap amount, typically \$12,000

геэт

Why revenue sharing works

Replaces Traditional Marketing Spend. Direct referrals are the best way to attract highly-motivated agents to our brokerage and foster a culture of collaboration and mentorship.

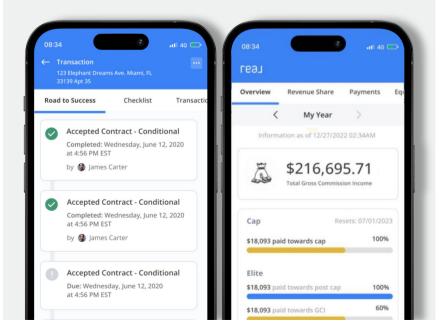

reZEN Software Platform

Our proprietary software platform, reZEN, offers a comprehensive range of tools tailored for today's real estate agents

Productivity

Proprietary transaction management platform provides holistic view of an entire transaction process, including listings, drafting contracts, document reviews, and e-signatures

Comprehensive production dashboard providing visibility into agents' business metrics, from tracking financials, monitoring milestones to managing key contact details

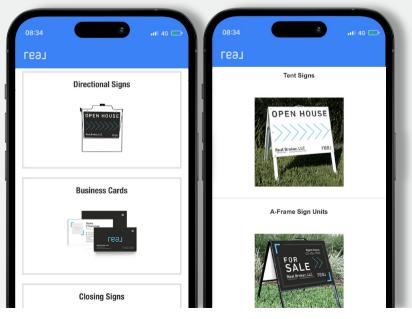

Leg1

Marketing

Emphasis on agent branding within their local markets and communities, rather than a consumer-facing brand

Online presence: Every agent receives a personal branded website and app, with features for client engagement

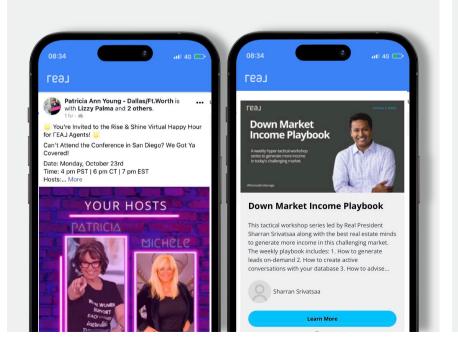

Offline marketing tools: customizable business cards, brochures, yard signs, car magnets, and more

Community

Community feature for agents to interact, exchange leads, celebrate successes, and schedule meet-ups

Provides agents access to Real Knowledge Center, training and development resources, and ability to learn from experiences of thousands of agents across North America

Brokerage Operations

Automation of back-office processes, including transaction support, document handling, verification and closing

Enhanced mobile capabilities allow agents to generate CDAs or trade record sheets on demand; meanwhile, mobile payment and deposit options streamline financial processes and allows agents ability to receive payment within 24 hours of closing

OVERVIEW / 03 / PROPRIETARY SOFTWARE AND TECHNOLOGY STACK

Leo CoPilot

Leo CoPilot serves as an agent command center, anticipating each agent's unique needs and providing personalized support

KEY FEATURES

24/7 Assistance

Powered by GPT technology, Leo integrates with Real's transaction management platform providing round-the-clock support to agents and brokers

sk Leo

Le91

In October 2024, Real unveiled Leo CoPilot, an innovative, proactive enhancement of its Al-powered virtual assistant for agents

Personalized Marketing

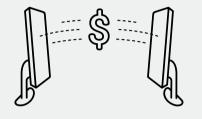

Tailors marketing assets and daily playbooks to individual agent needs and styles

Continuous Improvement

Machine learning model continues to improve responses and capabilities as it learns **OVERVIEW** / 03 / PROPRIETARY SOFTWARE AND TECHNOLOGY STACK

Real Wallet

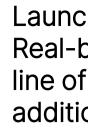

KEY FEATURES

Access earnings faster reducing delays from legacy brokerage and banking systems

Gain real-time insights into professional net worth

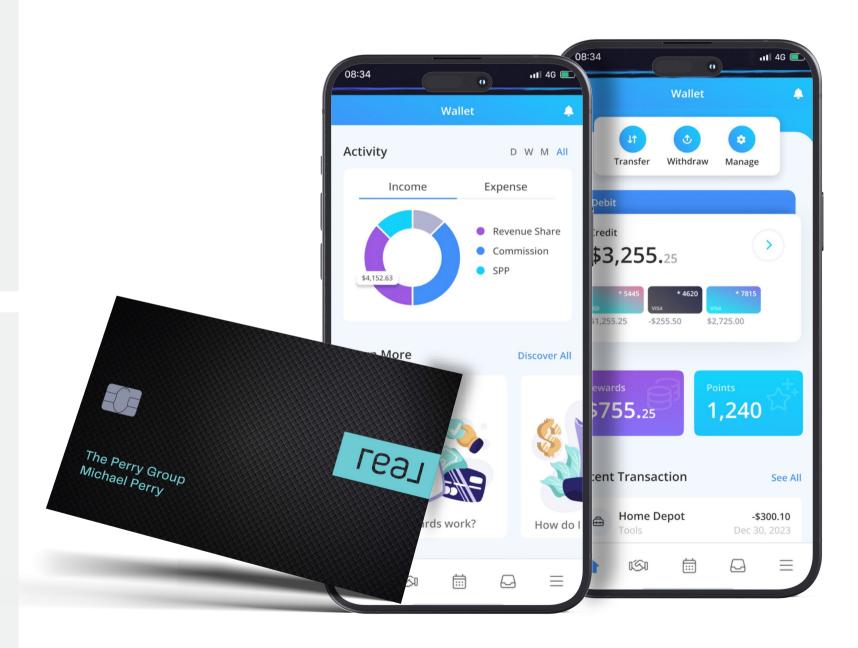

Take **full control** of business growth with enhanced financial flexibility

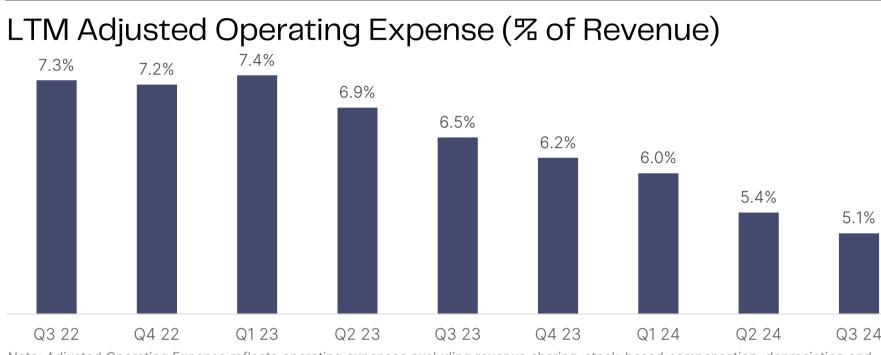

Expected integrations with Apple Pay and Google Pay will help agents use Real Wallet in everyday transactions

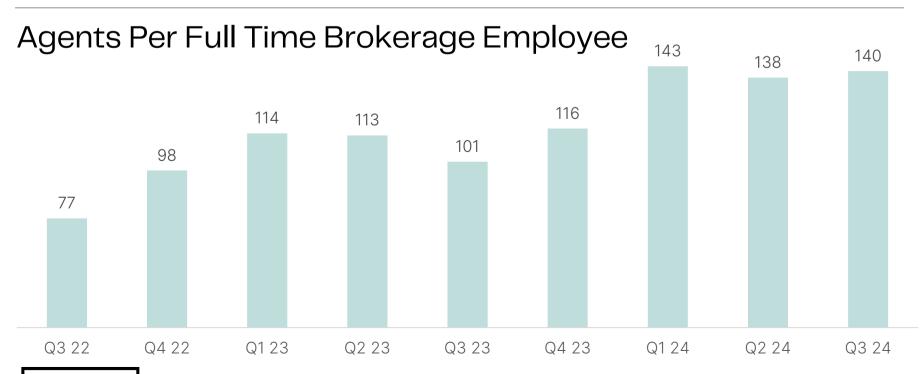

Leg1

Launched in Q4 2024, Real Wallet offers U.S. agents a Real-branded debit card and Canadian agents a business line of credit tied to their revenue and assets, with additional fintech products expected to follow in 2025

Rapid Growth Enabled by Tech

Note: Adjusted Operating Expense reflects operating expenses excluding revenue sharing, stock-based compensation, depreciation and other non-cash or unique, non-recurring expenses. Definition of all non-IFRS numbers and a reconciliation to IFRS numbers are provided in the Appendix of this presentation

Real's strategic use of technology enables capital efficient growth, requiring minimal upfront investment to generate revenue growth

Software platform enables near-zero upfront cost for each new agent addition, driving operating leverage and capital efficient growth

Leg1

Note: Reflects the number of agents on our platform divided by the number of full-time brokerage employees (calculated as total full-time employees less full-time One Real Title and One Real Mortgage employees)

Capital Efficient Growth

Absence of physical infrastructure and office space enables growth with minimal capital expenditure required

Adjusted operating expenses have declined from 7.3% to 5.1% over the past two years

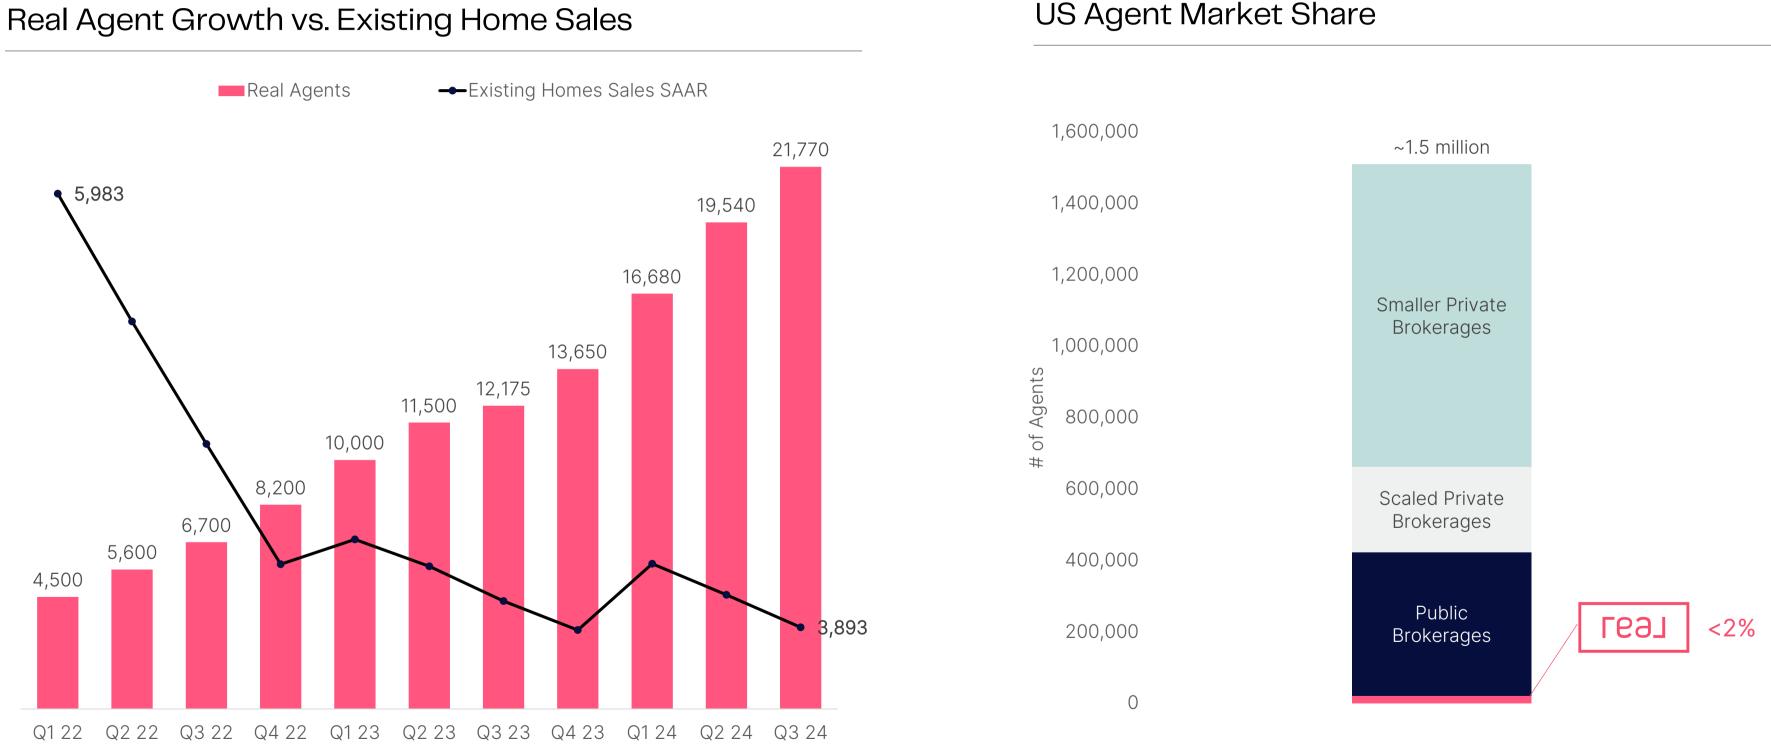

Headcount Efficiency Driven by Automation

Use of software to automate traditionally human-intensive tasks provides ability to rapidly grow agent base without a commensurate increase in full-time employee headcount

Ratio of agents to full-time employees continues to grow year over year as platform scales

Agent-to-full time brokerage employee ratio jumped from 77:1 in Q3 2022 to 140:1 in Q3 2024, well ahead of traditional brokerage peers

Significant Growth in Down Cycle

Note: U.S. existing home sales figures in 000's per the National Association of Realtors; Data plots quarterly average of monthly existing homes sales.

Real has grown agent count by nearly 5x since the start of 2022; today we represent less than 2% of the industry

Ancillary Services Expand Addressable Market and Enhance Margins

Note: Figures are for illustrative purposes only; Derived from data from third-party public sources including the National Association of Realtors and the Mortgage Bankers Association, as well as internal estimates. Market sizes represent ranges based on data and estimates from 2021 to 2023

Integrating mortgage, title, and other ancillary services provides an opportunity to enhance per-transaction unit economics and drive long-term margin expansion

Great service, competitive rates, and innovative technology, enabling a seamless mortgage process

~45-50% Gross Margin

Leveraging **proprietary technology** to provide a better closing experience

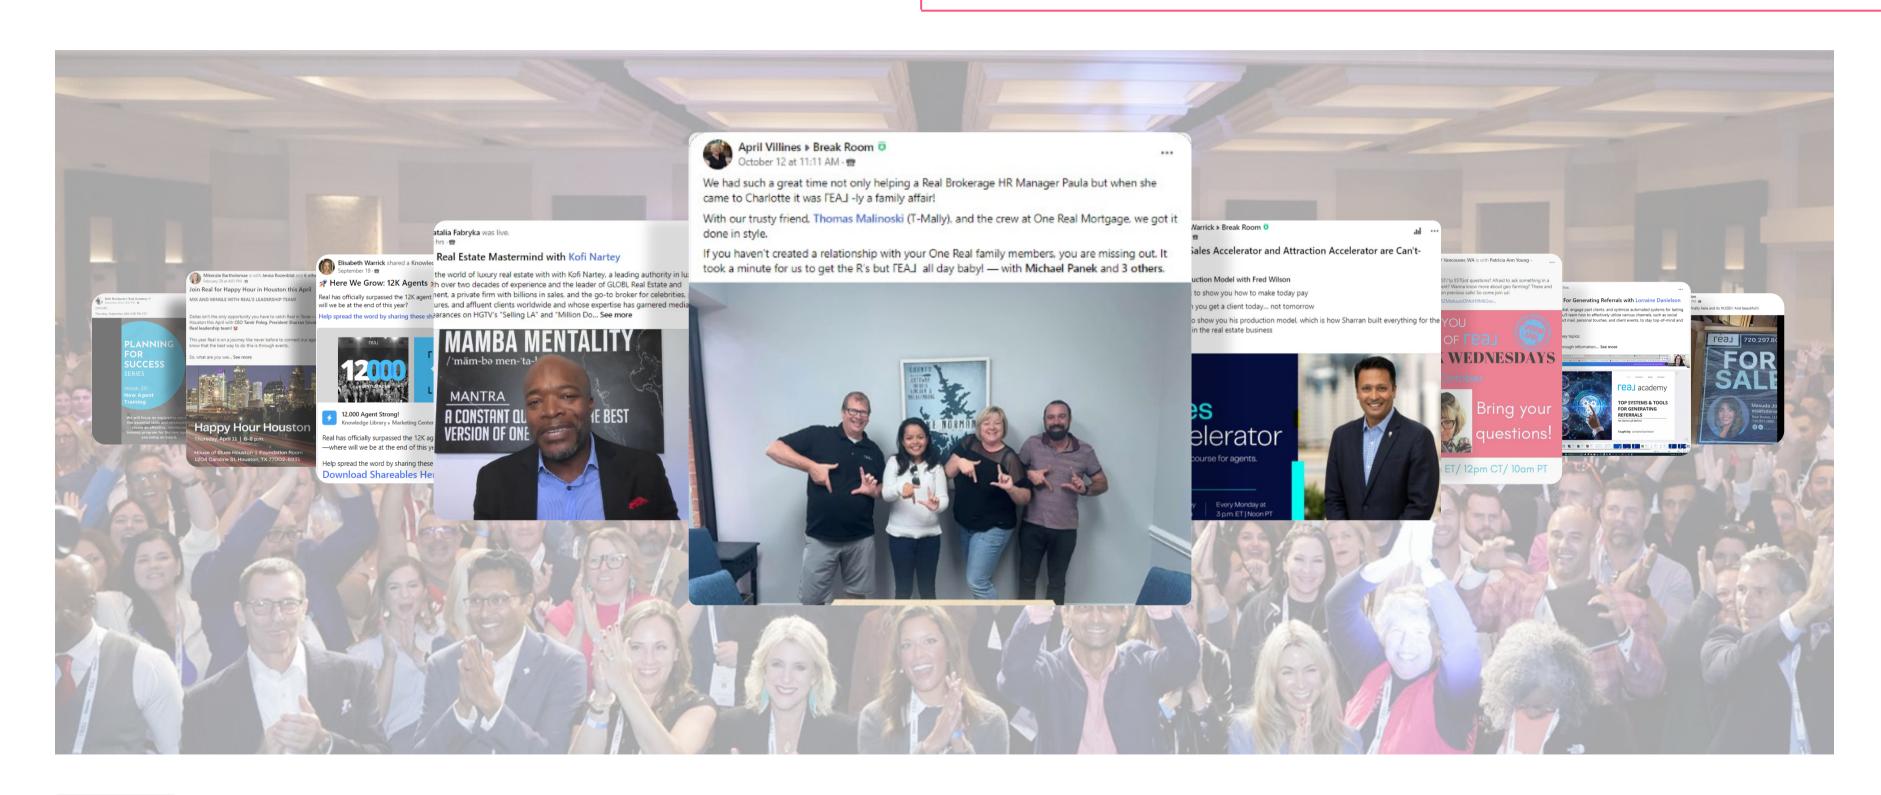

~80% Gross Margin

Built on **industry-leading technology** to enable agents to deliver a faster, better experience to customers

OVERVIEW / 07 / DISTINCT, COLLABORATIVE CULTURE

We are One Real

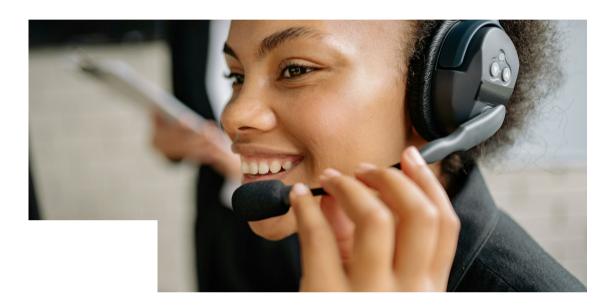

By empowering a vibrant community through technology, Real agents collaborate, share best practices, and foster a uniquely tight-knit bond

Legl

OVERVIEW / 07 / DISTINCT, COLLABORATIVE CULTURE

These are our Values

WORK HARD **BE KIND**

Kindness is a superpower and the fuel that keeps us growing. We stand together in service of our vision and each other

WE ARE BIGGER THAN ME

Together, we move further and faster toward groundbreaking change in how people buy and sell homes

Real prides itself on attracting like-minded people who are passionate about succeeding in real estate

TECH X HUMANITY

The technology we build serves a bigger purpose – to make the entire experience better for agents and consumers

Revenue and Adjusted EBITDA

The definition of all non-IFRS numbers and a reconciliation to IFRS numbers are provided in the Appendix of this presentation. Q4 2023 Adjusted EBITDA excludes a non-recurring stock-based compensation balance sheet adjustment, which totaled \$6.2 million.

Gross Margin and Operating Expense

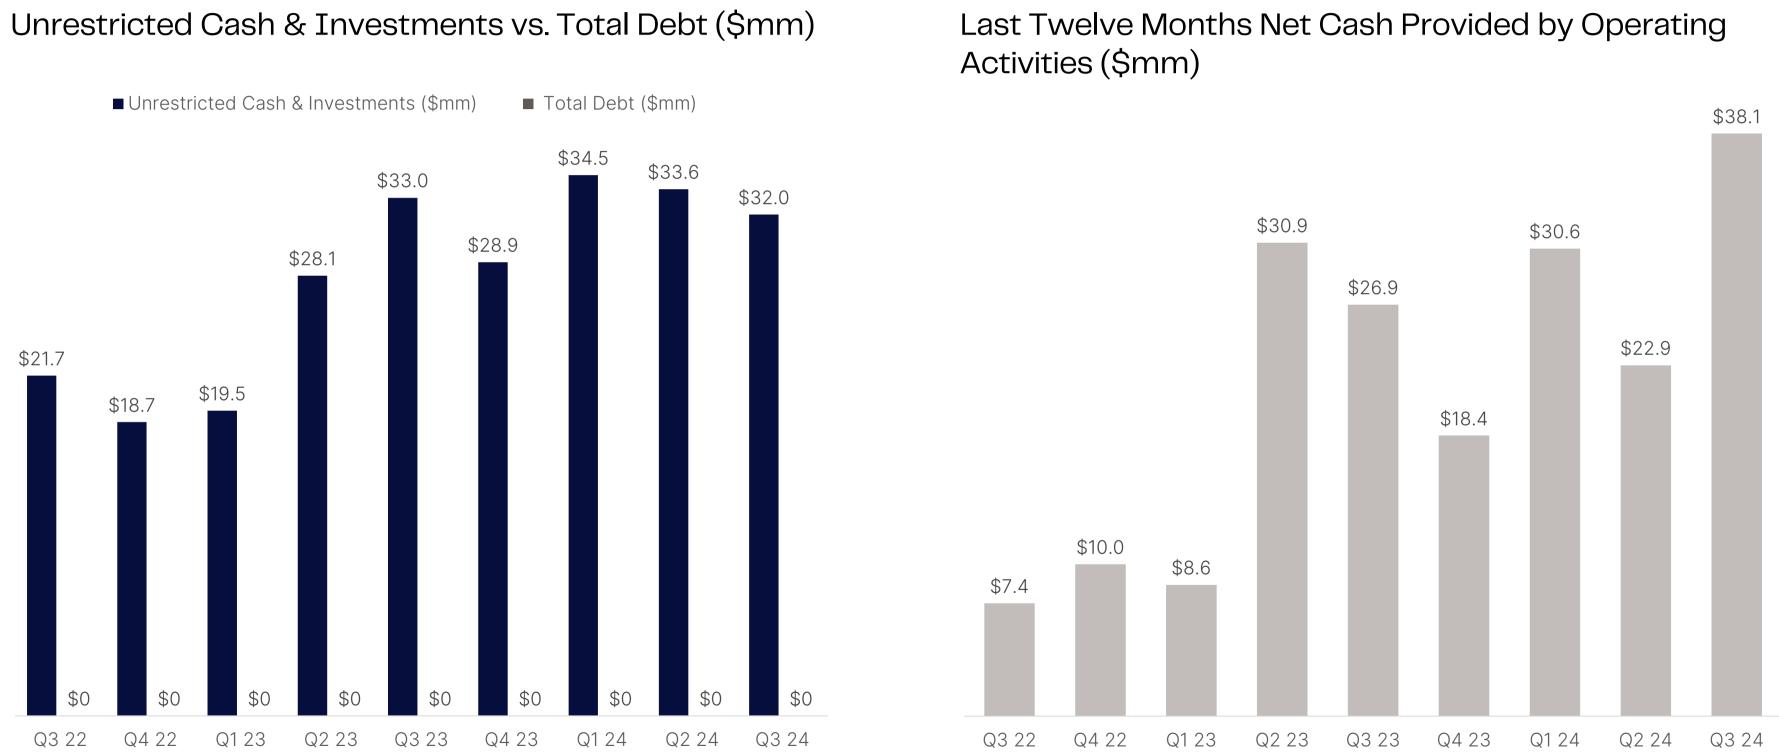

Seasonality in our gross margin is impacted by the mix of agents who have reached their annual cap in any given quarter – this mix tends to increase during the second and third calendar quarter of a given year

Our operating expenses include revenue share, which is a variable marketing expense. Adjusted operating expense, which excludes revenue share and unique or non-cash items, continues to decline as a percentage of revenue as the platform has scaled

Real has net cash on its Balance Sheet with no debt

Note: Q3 2022 unrestricted cash and investments presented above is reduced by approximately \$10.0M of Escrow Funds Payable, reported within the Other Payables liability on the balance sheet.

Understanding our Income Statement

Our largest variable cost items are commissions paid to real estate agents for transactions closed and revenue sharing payments

	LINE ITEM	DESCRIPTION			
	Revenue	 Primary revenue source is commissions on by brokerage fees and ancillary offerings 			
Primarily	Commissions and other agent-related costs	 Costs directly associated with agents and based compensation Agents typically receive 85% of gross communication to invest a portion of communication 			
Variable Cost	Gross Profit	 Calculated as revenue minus direct costs; for agent's commission 			
	Marketing Expenses – Revenue Share	 Reflects revenue share and equity compense productive agents to Real 			
Primarily	Marketing Expenses – Non-Revenue Share	 Represents non-revenue share marketing c promotional activities, as well as salaries of 			
Fixed Cost	General and Administrative Expenses	 Includes day-to-day operational costs, inclu

AGENT SURVEY HIGHLIGHTS / 01 / AGENT OUTLOOK

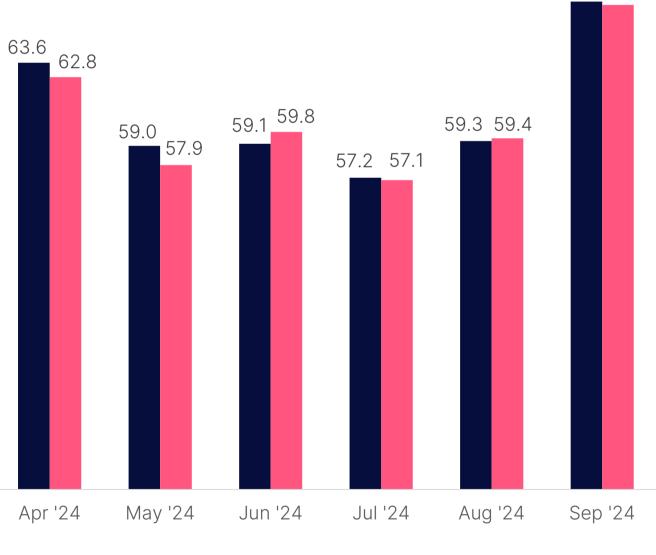

Agent Optimism Index

The Real Monthly Agent Survey was initially launched in January 2024. Each month, agents are asked: "Compared to one month ago, are you more optimistic or pessimistic about the outlook for your primary market over the next 12 months?"

Scores are weighted on a 0-100 point scale, with readings above 50 indicating increased optimism about the market outlook over the next 12 months compared to the previous month.

The Agent Optimism Index saw a strong upswing in September, building on August's more modest improvement. The index climbed to 67.0, up from 59.3 in August. In the U.S., it rose to 66.8, a 7.4-point increase. This renewed optimism was evident in both U.S. and Canadian markets, signaling growing confidence in the market's outlook.

67.0 66.8

■ Total ■ US

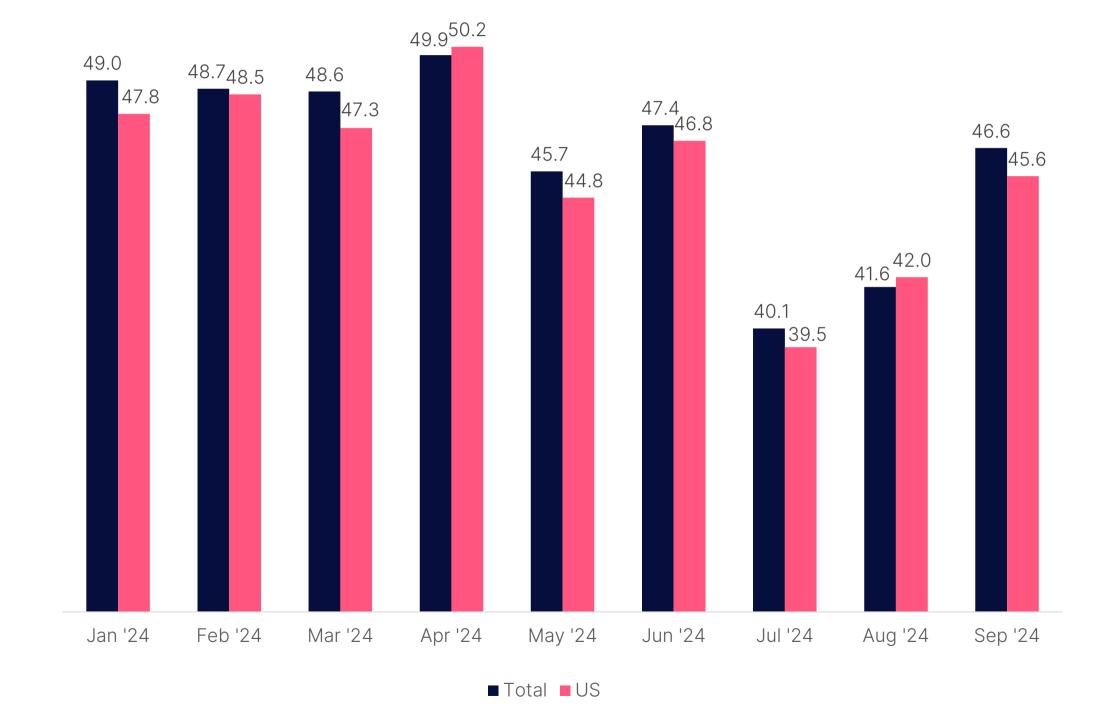

AGENT SURVEY HIGHLIGHTS / 02 / MARKET OUTLOOK

Transaction Growth Index

Each month, agents are asked: "In your primary market, how would you describe the number of transactions closed compared to the same month last year?"

Scores are weighted on a 0-100 point scale, with scores above 50 indicating year-over-year growth and scores below 50 signaling a decline.

The Total Transaction Growth Index has consistently registered below 50 each month this year, reflecting year-over-year declines in North American home sales. However, recent trends suggest a potential stabilization, as agents report a slower pace of decline in September compared to July and August.

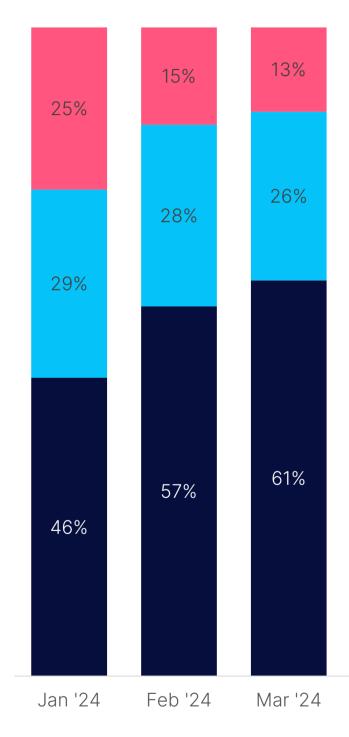

Balance of Power Between Buyers and Sellers

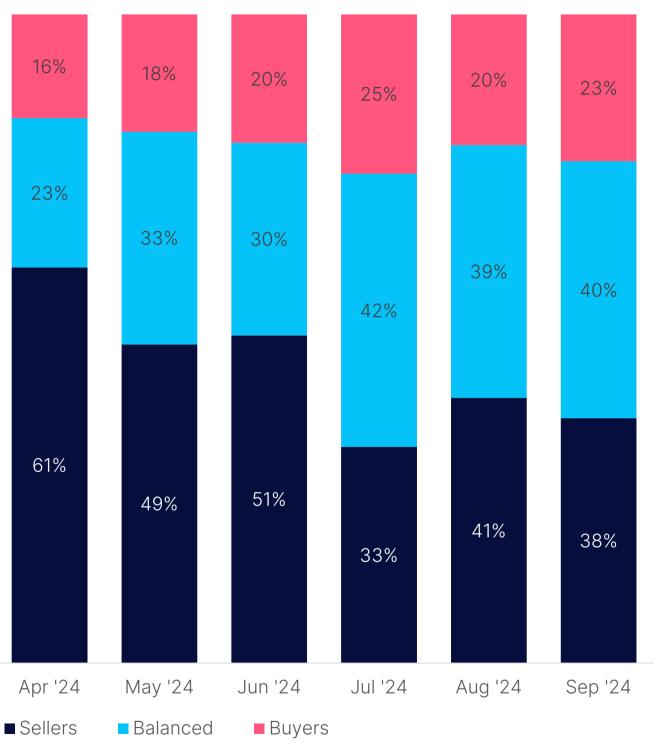

Each month, agents are asked: "As of the current month, would you consider your primary market to be a buyer's market, seller's market, or balanced market?"

In the second half of 2024, more agents report balanced markets, reflecting a gradual shift away from seller dominance as power becomes more evenly distributed between buyers and sellers.

Although sellers still hold influence in many markets, buyer power is increasing, driven by affordability challenges and limited inventory shaping the real estate landscape.

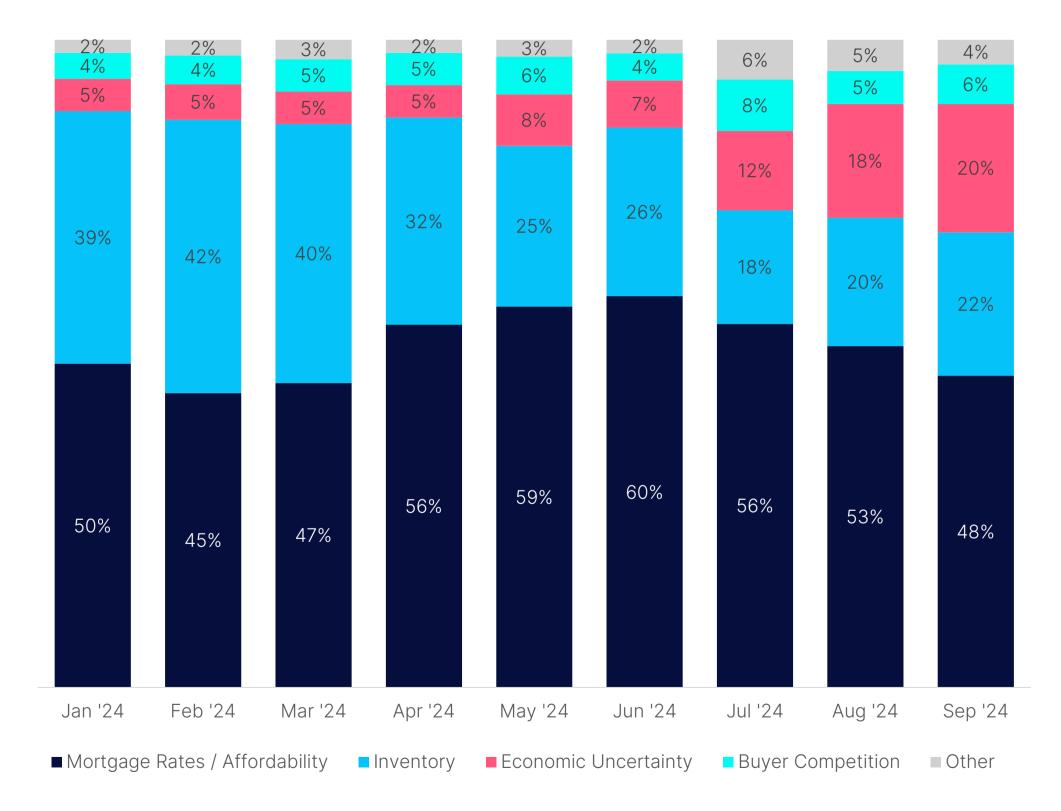

Biggest Challenges for Prospective Home Buyers

Each month, agents are asked: "What is the biggest challenge currently for buyers in your primary market?"

The data shows that affordability remains the most significant challenge for home buyers, consistently cited by a majority of agents. Inventory shortages and economic uncertainty also continue to be notable concerns.

Affordability peaked at 60% in June before easing to 48% in September, likely due to declining mortgage rates. Inventory concerns rose to 22% from 20% in August, with supply remaining tight in many markets. Economic uncertainty increased to 20%, up from 18%, driven by concerns surrounding the upcoming election and broader economic conditions. Buyer competition edged up to 6%, while 4% of agents cited other factors.

AGENT SURVEY HIGHLIGHTS / 05 / LEAD GENERATION INSIGHTS

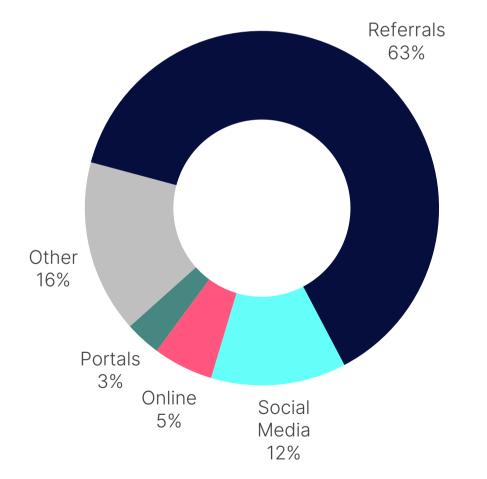

Lead Generation Insights

"Adjusted EBITDA" and "Adjusted EBITDA Excluding Non-Recurring Stock Based Compensation Balance Sheet Adjustment" are non-International Financial Reporting Standards ("IFRS") financial measures. Non-IFRS measures are not recognized measures under IFRS, do not have a standardized meaning prescribed by IFRS, and are therefore unlikely to be comparable to similar measures presented by other companies.

Adjusted EBITDA is used as an alternative to net income by removing major non-cash items such as amortization, interest, stock-based compensation, current and deferred income tax expenses and other items management considers non-operating in nature.

Adjusted EBITDA excluding non-recurring stock-based compensation balance sheet adjustment is used as an alternative to net income by removing major non-cash items such as depreciation, amortization, interest, stock-based compensation, current and deferred income tax expenses and other items management considers non-operating in nature, but removes a non-recurring balance sheet adjustment recorded in the fourth quarter of 2023.

The Company has used or included these non-IFRS measures solely to provide investors with added insight into Real's financial performance. Readers are cautioned that such non-IFRS measures may not be appropriate for any other purpose. Non-IFRS measures should not be considered in isolation or as a substitute for measures of performance prepared in accordance with IFRS.

"Adjusted Operating Expense" is a non-International Financial Reporting Standards ("IFRS") financial measure. Non-IFRS measures are not recognized measures under IFRS, do not have a standardized meaning prescribed by IFRS, and are therefore unlikely to be comparable to similar measures presented by other companies.

Adjusted Operating Expense is used as an alternative to operating expenses by removing major non-cash items such as Stock-Based Compensation, Depreciation, and other unique or non-cash expenses, while retaining ongoing fixed operating expenses and excluding variable cash expenses associated with Revenue Share.

Adjusted Operating Expense has no direct comparable IFRS financial measure. The Company has used or included this non-IFRS measures solely to provide investors with added insight into Real's financial performance.

Readers are cautioned that such non-IFRS measures may not be appropriate for any other purpose. Non-IFRS measures should not be considered in isolation or as a substitute for measures of performance prepared in accordance with IFRS.
